Paris

Dear Malka,

I want to thank you for visiting and speaking with our class at Lavoisier High. I think it is so courageous, that after your father's death, you continue to keep telling his story. So many things are happening in today's world, it was good to hear you speak of the essential things: kindness, helping each other and sharing our different cultures...

Thank you!

I wish you well for your future presentations and your projects,

Eve Meyroneinc
